

Rotarian Individual Donor History Report Information

How do I access MY OWN giving history with TRF (the Rotary Foundation)?

Go directly to Rotary International at www.myRotary.org.

If this is your first time here you need to **register by** setting an email address, a password of your choice. This account is separate from your Edina Rotary Club website access.

With a profile established identifying you as a member you will have access to your donation history and information on TRF giving options, recognition etc.

For your **personal giving history**:

- Go to **My Rotary**, (if properly logged on you will see "Hello, followed by your name)
- Click on the word "Menu" located in the upper left-hand corner of the screen. From there you will see a drop down.
- Click link to "**My Donations**"
- Click on "**Donor History Report**". The front page generated after several seconds is an "**Overview**" with your giving totals.
